

## Lighthouses & Landscapes TMAC PRESS TRIP

**Gary Cralle ~ Lindsay Nieminen ~ Vanessa Chaissen ~ William Tang**

**June 19-22, 2022**

*In some spots, time has stood still in Nova Scotia which lends itself to intriguing photography across the province and the Southwestern tip is no exception. It's where you will find one quaint fishing harbour after another with dozens of lighthouses scattered along the shorelines. Peggy's Cove lighthouse might be the most well known in the province but this trip will take you down back roads for some spectacular coastal photography opportunities. Designed with the professional photographer in mind, early and late shooting is scheduled each day. The trip will be escorted by a local photography expert who will share insights on how to capture that magical shot. Lighthouses on the itinerary include Gilbert's Cove, Cape Saint Marie, Cape Sable, Sandy Point and Cape Forchu to name a few*
